

Hwy. 27 & King Rd. Watermain Replacement Restoration and Intersection Works

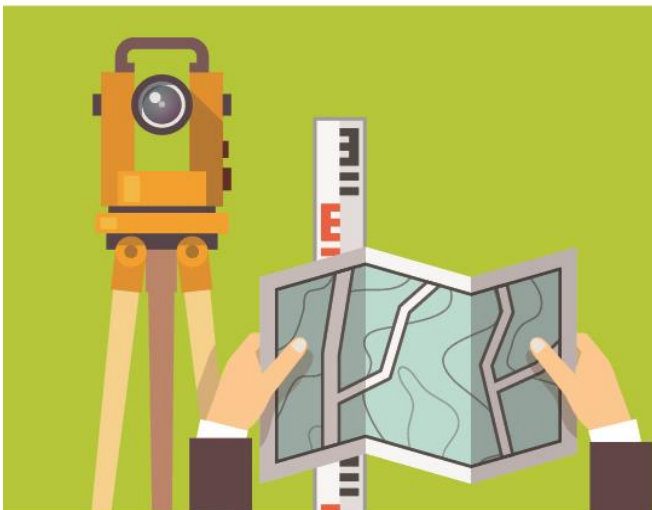

-  **WHERE:** Northbound lane of Hwy. 27 in Nobleton and at the intersection of King Rd. and Hwy. 27

-  **WHEN:** Starts Nov. 3
Completion Nov. 15 (weather permitting)

-  **WHY:** To restore the surface damaged by the recent watermain replacement. Driveways or portions of driveways will be restored if damaged by contractor. The asphalt will be restored to original condition or better.

-  **IMPACTS:** The work will cause traffic delays and noise, the contractor will do everything possible to minimize impacts.

Temporary asphalt will replace the existing concrete sidewalk and curb to help minimize the cost for the future Region/Township of King streetscaping design scheduled for next year.
