

Phase 2 - Nobleton Sanitary Sewer

Phase 2 of the Nobleton Sanitary Sewer Project is slated for construction in 2018 and all property owners are required to connect to the system. For information about hooking up, or to learn more about the project please contact King Township Engineering staff at 905-833-4073 with enquiries or email nobletonsewers@king.ca

NOTICE OF OPEN HOUSE

NOBLETON PHASE 2

SANITARY SEWER CONSTRUCTION

WEDNESDAY DECEMBER 6, 2017

6:30 – 8:00PM

Nobleton Public School

Cost to Property Owners:

Capital Charge: \$21,870.00

Building Permit including cost of decommissioning of existing septic system: \$281.25

Future Costs:

Sewer usage billing begins once a property is connected to the sewer system. However, even if a property is not hooked up within the one-year deadline, sewer usage fees are added to the owner's water bill.

Facts:

Property owners are required to connect to the system within one year of its installation in their neighbourhood.

Property owners are also responsible for the cost of connecting their own property to the municipal sewer pipe, and decommissioning their septic system.
