PRODUCTION VEHICLE PARKING

- The maximum number of production vehicles, clearly identified, allowed by permit on streets in residential areas shall not exceed six (6). Only technical production vehicles are permitted to be parked near the film location. All remaining base camp vehicles, crew vehicles, and transportation shuttles must be parked off the main street and/or parked in a lot during filming. It is the responsibility of the production company to secure parking for non-production vehicles. Please contact the Clerks Department for suggested locations. A copy of the filming permit must be prominently displayed in the windshield of all production vehicles.
- All equipment and vehicles not in use must be parked in such a manner as not to cause any interference to pedestrians or vehicular traffic. The use of traffic delineators at the front and back of parked production vehicles in dark or low visibility situations is strongly encouraged.
- Production vehicles must not block fire hydrants, driveways and access/ingress ramps.

NOISE / LIGHTING

- All generators used on streets will be “blimped” generators unless otherwise approved.
- Filming in residential areas shall be restricted to hours between 7:00 a.m. and 11:00 p.m. unless the majority of affected residents, having been duly notified in writing, give their consent in writing, and a noise by-law exemption (if necessary) has been received.
- Lighting for filming shall be oriented away from neighbouring residences and should not interfere with the safe operation of traffic movement.

TRAFFIC / ROAD SIGNAGE

- The applicant shall place signs in public access areas and in areas of heavy traffic to inform people that the area is used for filming and delays may occur. Any such delays must not exceed 5 minutes, unless agreed upon in advance.
- The applicant shall pay the cost of providing all signs, barricades, delineators and other traffic control measures. No barricades will be placed on a street or road unless authorized by the Township.
- Film crews shall not remove, cover or alter any Township street signs or seasonal floral displays. The Township will complete any alterations or removal of signs or floral arrangements as may be deemed necessary by the Production Company. All costs associated with the above requirements will be at the expense of the Production Company.

- Traffic control associated with the filming shall be under the complete authority of the York Regional Police (“YRP”) and at the applicant’s expense. The applicant shall provide proof that Paid Duty Officers have been engaged. Applications for Paid Duty Officers must be submitted online to YRP at <https://paidduty.yrp.ca>. YRP requires that all applications must be submitted two weeks prior to the required date. Inquiries or questions may be directed to 905-830-0303.

SPECIAL EFFECTS / CLEANUP

- Inspection by King Fire and Emergency Services will be required where special effects involving pyrotechnic devices, fireworks or flammable or combustible liquids or materials are planned. The applicant shall pay the cost of any paid duty firefighters required on location as deemed necessary by the Fire Chief.
- Upon completion of filming, the applicant is responsible for cleanup immediately. It is expected that location cleanup will also occur on a daily basis. If additional cleanup is required, the Engineering and Public Works Division will complete it, and the applicant will be billed for the labour and supply costs.
