

YORKNET'S NETWORK EXPANSION

June 13, 2023

Township of King

Laura Bradley

General Manager, YorkNet

THANK YOU FOR
JOINING US

LAND ACKNOWLEDGEMENT

"We acknowledge that York Region is located on the traditional territory of many Indigenous peoples including the Anishinaabeg, Haudenosaunee, Huron-Wendat and Métis peoples and the treaty territories of the Haudenosaunee, Mississaugas of the Credit First Nation and Williams Treaties First Nations. Today this area is home to many diverse Indigenous Peoples, and we recognize their history, spirituality, culture and stewardship of this land. We also acknowledge the Chippewas of Georgina Island First Nation as our closest First Nation community."

AGENDA

About YorkNet	3
YorkNet's expansion	14

IMPLEMENT

SUMMARY

- YorkNet has a comprehensive plan to expand its dark fibre network throughout the Region over the next several years
- It will take time to complete construction and connect underserved areas
- Target for **construction and services** completed by the **end of 2025**
- Anticipate the **first services** being available in **Q2 2024**
- YorkNet will be working with Galaxy Fibre, the Internet Service Provider of the project to facilitate fibre to the home services
- For more information about YorkNet's expansion plans, visit **York.ca/yorknet**

@FibreGalaxy

The background of the slide is a dark blue field filled with a complex network of glowing white and light blue nodes connected by thin white lines. The nodes vary in size and brightness, with some appearing as large, bright hubs and others as smaller, dimmer points. The overall effect is a sense of a vast, interconnected digital or fiber-optic network.
