

CONSTRUCTION NOTICE

KEELE STREET

2023 Road Improvements Program (2023-T05)

Project

The work includes full width road paving at the specified location (pulverizing existing road surface, base course pave, top course pave).

Why?

The existing road segment has deteriorated and requires repair as part of the Township's annual road improvement program.

Impacts

- Access to local residents/businesses will be maintained at all times with a minimum one lane of traffic.
- Access to EMS, Student Transportation Service, Waste Collection, and Postal Services will be maintained at all times.
