	OPERATIONAL PLAN - SYSTEM PROCEDURE	Revision No.: 3 Date: August 6, 2024
	Procedure Title: Quality Management System Policy	Page 1 of 1

QUALITY MANAGEMENT SYSTEM POLICY

As the owners and operators of the Township of King's water distribution systems we are committed to:

- providing safe drinking water to our residents and businesses
- complying with applicable legislation and regulations as related to the provision of safe drinking water
- implementing and continually improving the effectiveness of our Quality Management System
- operating the Township's Municipal Drinking Water Systems as effectively and efficiently as possible
- implementing and seeking sustainable and environmentally sound operational practices and technologies

To assist the Township in meeting these commitments the Township will adopt the principles of quality management in the design, construction and operation of the drinking water systems. The Township of King will strive to use the best available, cost-effective technology, materials, management and planning methodologies to ensure that the infrastructure is well operated, maintained and managed in support of the provision of safe drinking water.
